*Motion* by Barbara Gerstner to approve minutes

Easements; Deb Donahue stated that GMHA has a trail easement on the Bernatchez property on April 2, 2010.

Maps; The map drawers in the office were reviewed by the commission. Sue was instructed to organize and number the 1990 Natural Resource maps into one drawer. Older reference maps would be placed in another drawer. An inventory will be placed in each drawer. SWPC will be contacted to see if they have digital versions of our maps, if not, to give them that information.

Planning Commission; All members of the WWCC now have digital copies of the edited Town Plan. Members are encouraged to attend and comment at upcoming PC meetings.

New Business; Glenn Seward asked what projects we have been working on and how much of our time is devoted to them. Ancient roads has been our main focus but we hope to move on to vernal pool mapping and natural resource mapping. Glenn asked the WWCC to consider including ridgelines and slopes in that information. Glenn asked what issues the WWCC would like the selectboard to consider. Ted cited two;

- 1 – for the town to add funds annually to the existing conservation fund
- 2 – for the town to add a line item in the road budget for trail maintenance.
