

West Windsor Town Forest Advisory Committee
Minutes of the meeting June 20, 2011

The meeting was called to order at 6:30 pm. Members attending: Cathy Boedtke, Dennis Lemire, Dennis Conley, Rudy Gross, Laura Stillson and Jim Lyall.

Minutes of the previous meeting were approved with a correction.

Additions:

Cathy asked if the Committee had a mission statement. She volunteered to research if one exists.

Management Plan Update:

Cathy reported that she had informed the selectboard that the TFC wanted Tii McLane to walk all the trails in the Town Forest and present a preliminary report on their ecological impact and make any recommendations.

Tii walked trails with Laura on Friday. She emailed Cathy and Jim about joining her on the next section of trails.

Laura reported that due to a harsh winter the Bicentennial Trail is in such disrepair, that she cannot maintain it alone. The committee voted to ask to ATA to take over its maintenance. Laura volunteered to co-ordinate with the ATA.

Dennis Lemire presented a kiosk for the Town Forest. Rudy volunteered to install it. The committee plans to add a map to it and anything else that the selectboard would like to see.

The meeting was adjourned at 7:35.

Respectfully submitted,
Jim Lyall, secretary
