

West Windsor Town Forest Advisory Committee  
Minutes of the meeting September 19, 2011

The meeting was called to order at 6:50 pm. Members attending: Dennis Lemire (acting chair), Dennis Conley, Laura Stillson, Cathy Boedtke and Jim Lyall.

Minutes of the previous meeting were approved with one addition to the list of members in attendance.

Additions:

Signs with the TF interim rules on them have been made, but need to be posted.

Recent Storm: The bike/hike trails sustained very little damage, and all bridges survived. Laura was up on the Bicentennial Trail during the storm, diverting water and has been digging water bars. There is a need for major work on the trail, and we should consider budgeting for using the prison farm crew next year. The road to the TF parking lot and to the gravel pit have been washed out. Cathy will ask the selectboard to put these on their list.

Vermont 50 Event: STAB will be closing the trails on Sunday the 25, race day, but on Saturday will be leading some rides on the trails. The race route is on only 1/4 mile of Town Forest land and that is in very good condition.

Tii McLane's reports:

The trail report was discussed and it was decided that the committee needs to go over each of her recommendations and make decisions about implementation.

Her final report on the natural communities in the TF will be presented on October 4<sup>th</sup> at a joint meeting of the WWTFAC and the Conservation Commission.

Other Business.

The Act 250 trail development application is complete with the exception of input from the wetlands person who has not responded to our requests.

The meeting was adjourned at 7:15.

The next regular meeting will be on the 17<sup>th</sup> of October at 6:30.

Respectfully submitted,  
Jim Lyall, secretary
